ALL'S WARPED THAT ENDS WARPED!

When we last saw the cool bandicoot, he had left the evil Dr. Neo Cortex outraged as his dreams of world domination were blown sky high, thanks to Crash.

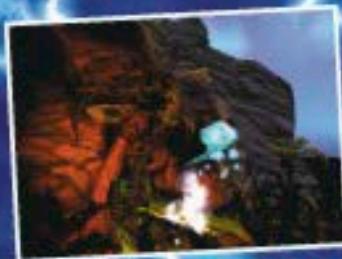

As we return...

We see huge pieces of Cortex's exploding space station hurtling towards Earth with chunks of metal crashing into a tropical mountain... **KABOOM!**

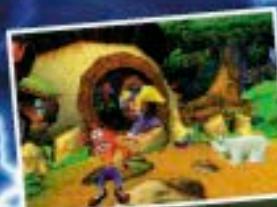

And the story unfolds...

Now an even uglier enemy looms, free again! It's Uka Uka, Dr. Cortex's sinister boss – that's right, Cortex has someone he reports to!

Ha Ha Ha ha ha Free at last!

Meanwhile, on another part of the planet, we see Crash and Coco at home, relaxing and playing happily. When suddenly, Aku Aku gets a very strange feeling...

No... it cannot be! Quickly my children... into the house... evil... great evil has come!"

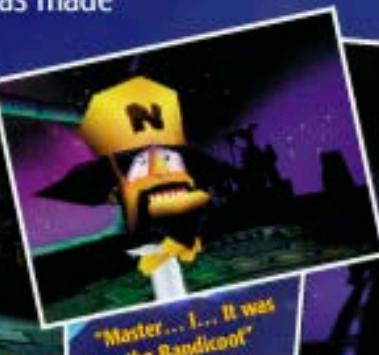

"My evil twin Uka Uka has escaped from his prison. He must be stopped. I hope I can count on your aid, my friends!"

Cortex failed to retrieve the Crystals and Gems (the source of world energy and the key to his diabolical plans) in the last show down against Crash Bandicoot and has made Uka Uka very upset!

"Cortex... You have failed me twice"

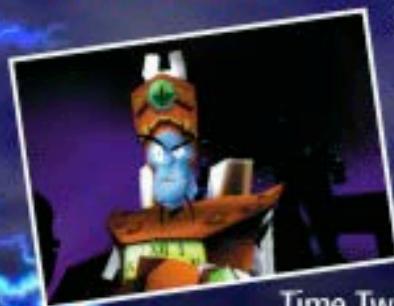

So, Uka Uka has recruited an old friend, Dr. N. Trophy to join them.

Dr. N. Trophy has created a time machine, the

Time Twister, that allows them to travel through time to find the Gems and Crystals in their original places. Now it's up to Crash and Coco to beat Cortex's mutants to get to the Gems and Crystals before Cortex and once again foil his evil plans. Oh yeah... Crash is back and he's ready! With his trademark stride and famous prank-filled gameplay, join Crash and his little sister Coco as they warp into a whole new adventure!

"There is only one way for us to amass the power we need to enslave this miserable planet. We will rule... in TIME!"

THE WARP ROOM

Your warped quest for the Crystals begins at the Warp Room.

TIME WARP CHAMBERS

There are five Time Warp chambers.

- Each chamber has five buttons that open portals to different levels in time.
- After completing all five levels, a sixth button appears, opening a portal to a Boss level.
- Conquer each Warp chamber to unlock the next portal through time.

GETTING THE GOODIES

CRYSTALS

Crystals are the most important items in the game. Find all 25 Crystals (there's one hidden in every level except the Boss levels) to finish the game. In some levels, you will win the Crystal at the end or after completing a specific challenge.

GEMS

Gems are more difficult to find than Crystals, but well worth the effort.

There are two types of Gems:

- Clear Gems are your reward for breaking all of the boxes in a level or for completing a secret area. (*Total of 42 Clear Gems*)
- Colored Gems are found in special levels and transport you to hidden areas. (*Total of 5 Colored Gems*)

RELICS

You can win Relics by re-entering the level after collecting the Crystal. You can play in Time Trial mode and if you beat the level under the pre-designated time (shown before you enter the level,) you will be rewarded with either a Sapphire or Gold Relic. (*See "How Fast Can You Go?" for details.*)

The first five Relics you receive will open up a Secret Warp Room and one secret level. Every five Relics thereafter will open up another secret level. You must go through these secret levels to get 100% completion of the game.

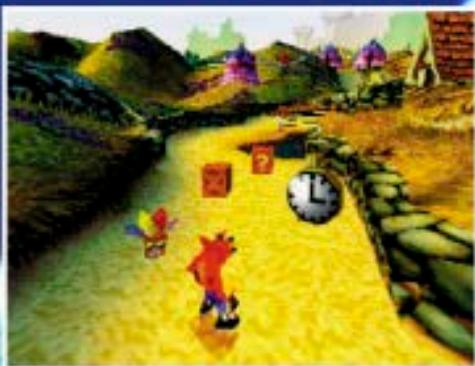

TIME TRIAL - HOW FAST CAN YOU GO?

After you finish a level the first time, race through it again in Time Trial mode.

You can win a Sapphire or Gold Relic depending on how fast you go.

Sapphires are fairly easy to win and Gold means you really "hauled bandicoot." (Total of 30 Relics)

To make a Time Trial run:

1. The pre-designated time appears on the level button in the Time Warp chamber. This is the time you must beat.
2. Touch the stopwatch near the beginning of a level to activate the timer; otherwise you'll play the level in regular mode.
3. Speed through the level as fast as you can.
When you break a box with a number on it, the clock freezes for that amount of time.
4. In the Time Trial mode – you do not lose lives so play through as many times as you like.
5. When you finish the level, the Name screen appears so you can register your best time.

To unlock the secret playable demo of Spyro the Dragon™, press
↑ ↑ ↓ ↓ ← → ← → ■ at the Title page/New game screen.

WANTED: BANDICOOT POWER

WINNING

1. THE EASY WAY OUT

Just make it through all the levels. When you've collected all 25 Crystals, you win.
This isn't easy but it's as tame as you can get on this planet.

2. GET 100% WARPED (if you pull this off, you are beyond amazing.)

You can travel through a level without getting 100% of the treasures it holds, BUT to win the real prize of this warped universe, scour each time zone and dig up everything there is in each level – including the secret areas.

HAVE THE TIME OF YOUR LIVES!

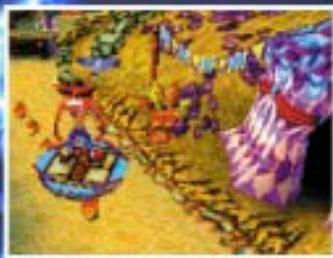

You begin the game with four lives for Crash and Coco. To earn more lives:

- Collect 100 Wumpa Fruits.
- Break open a Crash Crate and collect a Crash 1-UP.

If you run out of lives, the game is over.

To Continue, select YES and press the ***** button.

BONUS AREAS

Watch for Bonus platforms in any level.

Jump onto them to fly to a special bonus area.

Run through the maze, grabbing everything that isn't tacked down. You can play through the bonus areas as often as you like.

Note: You won't lose a life in the bonus areas, but if you die you'll have to restart again at the Bonus platform.

THE STATUS PANEL

Press the **▲** button during gameplay to display the Status Panel and check on your progress.

Crash lives remaining.

Boxes opened, and the total number for the level.

Wumpa Fruit collected.

CORTEX AND HIS MINIONS

Tiny the Tiger

Unleash this roaring Goliath who keeps hungry lions as pets.

Dingodile

Half dingo.
Half crocodile
100% mean!

Uka Uka

The Big Boss.....the rottenest thing in the universe even before Aku Aku locked him up. The years in prison made him even worse. Now he always has time for crime.

Dr. N. (Mefarious) Tropy

A master of time – a minute spent with him seems like a life sentence!

Dr. Noo Cortex

Cortex won't rest until bandicoots are extinct.

Dr. N. Gin

A bad-tempered wacko.
Never disagree with someone who has an unexploded nuclear missile stuck in his head.

THAT'S JUST CRATE!

Sock it to the boxes and collect hidden goodies like Wumpa Fruit or Power-Ups. Some may be bad for your health!

- Jump on these 10 times to get everything inside.

- These boxes are on a timer – if you don't act fast they turn into un-crackable steel.

- Trampoline-in-a-box.

- A surprise in every box.

- Smack this box and something in the level changes.

- Aku Aku's spirit aids Crash and Coco through their adventure. Collect the masks hidden throughout the game and he will protect you. 1 mask is good for 1 hit point, 2 masks for 2 hit points and collect three masks for temporary invincibility.

- Get an extra life.

- Checkpoint. Lose a life and you'll re-start from this point instead of at the beginning of the level.

- Jump on it to light the 3-second delay fuse. Then run away. Spin these and..BOOM!

- Can you say "smithereens?" Even a simple touch will blow you away!

- Explodes every Nitro box in the level.

Search the "was" and Discover the "will be"

Traveling through time is definitely a warping experience. When Crash and Coco land at the brink of each level, it's anybody's guess what will happen next!
